Course Title:

CCNSG 2 Day Safety Passport Course

Course Description:

This course is designed for contractor site personnel having to gain access and work on engineering and construction sites.

Course Objectives:

The Safety Passport is acknowledged by a consortium of major industries from oil, power, gas, chemical and steel, as sound Health & Safety Training Awareness.

It is controlled and monitored by a national steering group known as the Client/Contractor National Safety Group (CCNSG).

Course Content:

Day One – Session One:	Safe behaviour at work
Day One – Session Two:	A safe place of work
Day Two – Session Three:	Safe systems of work
Day Two – Session Four:	Common safety problems and safe solutions

Course Outcome:

Issue of Safety Passport, which is valid for three years. The Engineering Construction Industry Training Board (ECITB) provides administrative support and maintains a national database to the CCNSG

Duration: Two days

Price: £150 + vat per delegate
